About me

My actual Job "Windows Server System Administrator"

I had the opportunity to make a big impact with these technologies: Active Directory / GPO / Share / powershell / etc ... and I realized that this is something I want to learn and deepen.

I have MCSA: Windows Server 2016 - Certified 2020 : with basic experience managing server infrastructures and data-center operations. Effectively plan, install, configure and optimize IT infrastructures to achieve high performance and good functionality. Basic ability to create and deliver solutions tied to organizational development and systems/network optimization. Basic skills in troubleshooter and managing systems.

Professional experience

Experience by departments

IT Software : **5 years and 1 month**

IT Hardware : **6 months**

Feb 2019 - present 2 years and 2 months
